To

The Directors
Gulf Finance House BSC
Manama
Kingdom of Bahrain

22 October 2007

Introduction

We have reviewed the accompanying condensed consolidated balance sheet of Gulf Finance House BSC (the 'Bank') and its subsidiaries (together, the "Group") as of 30 September 2007, and the related condensed consolidated statements of income, changes in equity, cash flows and changes in restricted investment accounts for the nine month period then ended (the interim consolidated financial information). The Directors of the Bank are responsible for the preparation and presentation of this interim consolidated financial information set out on pages 2 to 12 in accordance with International Financial Reporting Standard IAS 34 - Interim Financial Reporting. Our responsibility is to express a conclusion on this interim consolidated financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim consolidated financial information is not prepared, in all material respects, in accordance with IAS 34 - Interim Financial Reporting.

During the current quarter the Bank developed a new leisure concept for a strategic site, in which a project company held an interest. In order to progress with the development of this concept and site the bank assumed control of the existing project company and entered into an agreement with the landowner which led to revisions in the site boundaries and changes in the property interest from leasehold to freehold for part of the site. In its normal course of business the Bank will structure the investment and place it with its client investors. Accordingly, the assets and liabilities of this project have been consolidated and disclosed as 'held-for-sale' in accordance with International Financial Reporting Standard ('IFRS') 5 "Non-current Assets Held for Sale and Discontinued Operations".

During the period, the Bank has acquired a water park from Al Areen Desert Spa & Resort Holding Company BSC (c) exclusively with a view of reselling it. The water park commenced operations on 1 August 2007 and the results of its operations have been accounted in the consolidated income statement under 'loss from assets held-for-sale' in accordance with IFRS 5.
